

Guide Psychogéographique de OWU

It was the shadow of the wolf

psychogeography is the study of the precise laws and specific effects of the geographical environment, consciously organized or not, on the emotions and behavior of individuals.

psychogeography diverse activities that raise awareness of the natural and/or cultural environment around you - attentive to senses and emotions as they relate to place and environment - using your body to collect data - must be serious and fun

Debord's *Guide Psychogéographique de Paris* (1955) is the most famous psychogeography map. *Guide Psychogéographique de OWU* is the most famous psychogeography map of the Ohio Wesleyan campus.

made on the map with Ben's hands that chose the path he, Erika, McKenna, Mallory, & Django

must take through the Ohio Wesleyan campus. A purposeless walk - a derive - with no goal, other than to know the path - not just walk the path. its textures its smells where draws one in where repels ☹️
